

## **MCOM presents the new HOTstream High Speed Internet (HSIA) hospitality solution**

**Athens, March 2011.** Media Communications SA ([www.mcoms.com](http://www.mcoms.com)) released the new version of HOTstream Internet hospitality solution which included significant enhancements and industry unique features:

**Easy access** – Guests can now experience High Speed Internet Access (HSIA) through any of the available hotel networks: wired, wireless or even by using the HOTSstream Interactive TV menu on their room TV.

**Easy roaming** – With a single order for high speed internet connection, guests gain access via any wired or wireless network. Moreover, guests can use any of their internet-enabled devices like smart phones, laptops, iPhone etc, to access the internet without needing to provide additional credentials for each one.

**Easy sharing** – Rooms with more than one guests or guests using multiple devices to connect to the internet need only one internet access account. Connect your mobile phone and your laptop at the same time using a single account.

**More convenience** – Guest in Costa Navarino do not need to remember or carry notes with hard to recall internet access codes. They connect to the internet by simply using your name or room number.

**More marketing** – Costa Navarino created multiple internet portals for their guests to access the internet, making in parallel full marketing use of the portal's pages, the most visited web pages of the hotel, to promote Navarino's services in a highly targeted and fully managed way.

In parallel to the new HOTSstream Internet functionality, many new enhancements were added to the existing services for zero client configuration, client bandwidth management, client isolation, VNP support and many others.

Media Communications SA ([www.mcoms.com](http://www.mcoms.com)) successfully installed HOTSstream Internet hospitality solution in the five-star luxury resorts The Romanos, a Luxury Collection Resort and The Westin Resort, Costa Navarino ([www.costanavarino.com](http://www.costanavarino.com)), both owned by **TEMES SA** and operated by **Starwood Hotels and Resorts**.
